

## Your complete resource for Relationships and Health Education

Discovery Education Health and Relationships provides an all-in-one digital programme that covers the complete set of Relationships and Health Education objectives for primary schools.

Our user-friendly resources for Years 1-6 use real-life, child-led scenarios to engage children, making teaching PSHE easy, fun and relevant.

Written by subject-expert teachers, this outstanding new resource includes a variety of activity types, age-appropriate resources and comprehensive support that will enable all teachers to confidently deliver on the new curriculum requirements.

### **Our high-quality resource includes:**

- Child-led, scenario-based videos
- Lesson frameworks
- Printable resources
- End to end curriculum planning
- Detailed teacher guidance
- Support with parental communication

*"Everything you need  
to teach the new  
RSHE curriculum is  
ready-planned and  
well explained."*

**Hayley McKechnie**  
Director of Computing  
and Inclusion,  
Lee Chapel School, Essex

# Why use Discovery Education Health and Relationships in your school?

## Meet the new PSHE statutory curriculum requirements

Comprehensive, high-quality resources will ensure your school meets every requirement of the new 2020 objectives. Following a spiral curriculum, resources are grouped into six topics that introduce new and more challenging material as pupils progress through the school.

## Prepare children for life in the real world

Child-led, scenario-based videos engage pupils with the real world. Videos feature children interviewed on key topics, use animation to bring learning to life and provide opportunities for pupils to role play and make decisions that directly impact their lives.

## Teach PSHE with confidence

Our user-friendly, teacher-created resources provides essential support for teaching PSHE with confidence. The programme includes detailed lesson plans, with practical suggestions for introducing topics, teacher guidance on age-appropriate vocabulary and questions children may ask with suggestions for how best to respond.

## Communicate effectively with parents

The programme also includes comprehensive support with communicating the new Health and Relationships requirements to parents. Support includes communication templates and materials explaining the resources used within the programme at each age-level.

## Save time with end-to-end curriculum planning

Discovery Education Health and Relationships provides the most realistic and relevant resources for your school. End-to-end curriculum planning fulfils the requirement to demonstrate a comprehensive programme while also showcasing your school has a coherently planned PSHE curriculum.

## Ensure a safe learning and teaching environment

Discovery Education Health and Relationships is built around a set of best practice principles for creating a safe learning environment that enables pupils to share ideas and information, sets an expectation for a mature response and increases teacher confidence in managing discussion.
