Dear Colleague,

### **Free Access – Discovery Education Health & Relationships (RSHE)**

Lancashire County Council Education Digital Services are pleased to inform schools that we have arranged with Discovery Education to provide all Lancashire schools and our Discovery Espresso subscribers with **free access** to the new Discovery Education Health and Relationships online module until **31st October 2021**.

Discovery Education Health & Relationships is specifically designed to support teachers with the requirements of the RSHE Curriculum, with ready-to-use lesson activities and comprehensive teacher support. Discovery Education's digital PSHE programme aims to equip teachers with the resources and knowledge they need to confidently engage all pupils. To help understand whether the service would be useful in your school, we recommend staff view the five-minute overview video that explains the service:

<https://www.discoveryeducation.co.uk/resources/primary/health-and-relationships/virtual-demo/>.

Access to the service will finish at the end of the free trial period. There's no advance commitment, so it provides an excellent opportunity to try the service now and in the Autumn. Along with the overview video, the attached flyer provides information about the service for your headteacher and teaching staff. We would love to hear your feedback on the product and will issue a short survey in the Autumn to all schools who take part in the trial. If your schools decides to subscribe, you can contact [EducationDigitalServices@Lancashire.gov.uk](mailto:EducationDigitalServices@Lancashire.gov.uk) at any time to pre-order a subscription from 1st November 2021 onwards.

### **How to Access the Free Trial...**

Most schools that subscribe to Discovery Espresso through Education Digital Services have now migrated to using Espresso on the new cloud-based Discovery Experience platform and as such access to the free trial is quick and easy. Your teachers can access the new module by logging in and clicking on the "Health & Relationships" tile. Please note that the new module will only appear on teachers accounts (not pupils) and be available from 1st July 2021.

**If your school doesn't currently subscribe to Discovery Espresso you can still take part in the free trial of Discovery Health & Relationships.**

Simply request access by emailing [EducationDigitalServices@Lancashire.gov.uk](mailto:EducationDigitalServices@Lancashire.gov.uk) and we will send you details of how to access the service and your school's unique access code (Please request this by sending an email from the headteacher's or bursar's school email address).

**Pricing for Schools that wish to continue the service after the free trial.**

Should your school decide that it wishes to continue using the service after the 31st October 2021, we have arranged a 5% discount on the standard pricing, based on a minimum term subscription until 31<sup>st</sup> March 2023. If you choose to subscribe from November, we will pro-rata the initial subscription to 31<sup>st</sup> March 2022 and then include the second part of the subscription in your school's SLA renewal with Education Digital Services for 2022/2023.
