

Everything Lancashire schools need to get started with SIMS Next Gen!

SIMS Next Gen offers a new and easy to use interface as well as extra features not available in the on-premise version of SIMS.

What are our requirements?

1
Microsoft 365
Unique Identities

2
Microsoft 365
Multi-Factor Authentication

3
The SIMS Next Gen
Set-up Process

What are the benefits?

- **Access SIMS anywhere** - from home or the classroom.
- **Efficient data-syncing** - data syncs between SIMS Next Gen and SIMS 7 throughout the day.
- **Optimised back-office operations** - administrators can perform post-registration tasks and manage student records without waiting for data updates.
- **Seamless transition** - between the two systems, ensuring that the data will be there when they need it.
- **Data integrity and accuracy** - the most up-to-date information is always available in SIMS 7 whether this be attendance, pupil or staff data.
- **Be Part of the SIMS Next Gen journey** and get access to all the latest exciting features as they are implemented.

What are the features?

SIMS Next Gen has a rapidly growing number of features, as well as providing schools with new cloud-based only functionality:

School Leaders and Administration staff:

- Staff Profile
- Pupil Profile: Details, Pupil Premium, Languages/Identity, Medical information.
- Custom Groups
- Conduct (Exclusions and Suspensions)
- Staff Timetables Calendar

Teachers:

- Attendance Registers and Fire Registers
- Pupil Profile
- Seating Plans
- My Markbook (including access to Assessment Manager Marksheet)
- [Class View \(coming this Autumn – watch video\)](#)
