SOPHOS Central Health Check Review
FREE DEMONSTRATION WEBINAR

Sophos Central is a cloud-hosted anti-virus and threat protection software licence that protects your school's devices from a wide variety of threats.

Lancashire County Council Education Digital Services has teamed up with Sophos to deliver a **FREE webinar**.

During this webinar Sophos will provide guidance and advice on the best practices to ensure schools are getting the most of an ever improving cloud solution.

*Please note: This webinar is for existing customers that currently subscribe to Sophos Central.

WEBINAR KEY FEATURES

- **Review of General Account Settings**: Including email alerts and configurations
- **Review of Threat Protection and Next Generation Protection Policies:** Including Endpoint and Server
- **Review of Dashboard Alert:** Including Endpoint and Server
- **Current Threat Landscape**
- **CIXA Roadmap**
- **Q&A**

WHEN IS IT?

To register for this online event, **please click on the date below:**

10am – 11:00am, Thursday 12 June 2025

* You will receive a confirmation email and then details will be emailed to you prior to the webinar on how to join it.

WHAT ARE THE BENEFITS?

- Sophos Central can quickly detect and disinfect a wide range of threats.
- Your subscription allows you to install the Sophos Central Intercept X Advanced, or Sophos Central Intercept X Advanced for Server endpoint protection on each compatible device in your school.
- Ensures you are compliant with data protection requirements.
- Each school has access to their own Sophos Central Dashboard.
- Email alerting to schools in the case of outstanding events.
- Comprehensive reporting capability.
- The option to further secure devices by controlling the applications they run or the peripherals that connect to them.
