

FREE Webinar Anti-Virus & Threat Protection Service - Transition to Microsoft Defender Antivirus

Join us for an informative webinar designed specifically for schools transitioning from Sophos Central and InterceptX Advanced to Microsoft Defender Antivirus. This session will provide a comprehensive overview of Microsoft Defender Antivirus, its features, and the benefits it offers for educational settings.

WHO IS THE WEBINAR FOR?

This webinar is for all schools that subscribe to Sophos Central and InterceptX Advanced or an Education Broadband Bundle through Lancashire County Council Education Digital Services.

WHAT IS MICROSOFT DEFENDER ANTIVIRUS?

Microsoft Defender Antivirus is a built-in antivirus solution for Windows that provides real-time protection against software threats like viruses, malware, and spyware across email, apps, the cloud, and the web. It is integrated into the Windows operating system and offers a robust and efficient security solution without the need for additional installations.

WHEN IS IT?

To register for this online event,
please click on the date below:

Thursday 20 November 2025 at 11am – 11:45am

* You will receive a confirmation email and then details will be emailed to you prior to the webinar on how to join it.

WHAT ARE THE BENEFITS?

- Real-time protection against viruses, malware, spyware, and other threats.
- Cloud-delivered protection for faster detection of emerging threats.
- Behaviour-based, heuristic detection to identify suspicious activity.
- Automatic updates for threat definitions and engine improvements.
- Ransomware protection for your most valuable folders
